

Retailer Policies

Return Window

Items purchased from the retail store may be returned within 45 days of the purchase date for a full refund.

The 45 day window starts on the day the order ships, not the day it arrives.

Orders placed in the final week of a seasonal sale extend the window to 60 days for loyalty members.

A return after the window closes is reviewed case by case and most often declined unless the fault is ours.

Return Eligibility

Products must be unopened, unused, and in the original packaging to qualify for a standard return.

Personally engraved items, opened software, and consumed perishable goods are final sale and cannot be returned.

A product that arrives damaged is always returnable regardless of packaging, and photos are not required first.

Mattresses and box springs are eligible only if the protective bag was never removed.

Counterfeit claims require the original receipt and are forwarded to the brand partner before any refund.

Return Shipping

Return shipping labels are provided free of charge for damaged, defective, or incorrectly shipped items.

A regular customer pays a flat six dollar label fee that is refunded when the returned item passes inspection.

Items returned in person at any of our regional stores never incur a label fee.

Bulk pallet returns for furniture should use the logistics portal instead of the consumer label.

Refund Processing

Refunds are issued to the original form of payment within five business days once the returned package is received at the warehouse.

Store credit is issued immediately on receipt and never expires.

Payments made with a gift card are refunded back to a new gift card rather than cash.

Split payments are refunded proportionally to each original method in the same proportions they were charged.

Electronically initiated refunds appear on the statement within two extra banking days depending on the issuer.

Restocking Fee

A twelve percent restocking fee applies to opened electronics, furniture, and large appliances.

The fee is calculated on the original purchase price before tax and is deducted from the refund amount.

Unopened items, even in these categories, avoid the restocking fee entirely.

The fee never applies to items returned because they arrived damaged, defective, or substituted.

Gift Receipts and Exchanges

Items purchased with a gift receipt are eligible for an exchange or a store credit, never a cash refund.

An exchange is honored within the same 45 day window using the current selling price.

Gift receipts never expose the purchase price, so the clerk must use the item price lookup when exchanging.

Seasonal gift cards distributed at checkout are electronic and loadable instantly.

International Orders

International orders are not eligible for prepaid return labels and duties are non-refundable.

Cross-border returns must ship back with the customer arranging their own carrier and must clear customs marked as a return.

Any duties or taxes paid at checkout are handled by the buyer's local authority and are outside this policy.

Exchanges for international orders ship only after the original item is scanned in by the freight partner.
